

ABOUT US

The San Jose Woman's Club is a 501(c) (3) nonprofit that focuses on supporting promising students and local arts groups, preserving its landmark Clubhouse, and providing a home for like-minded people to gather together to enjoy camaraderie and work on mutual goals.

San Jose Woman's Club was formed in 1894, when nine women gathered to support several community projects. Members have since been instrumental in civic and charitable projects, from saving the redwoods, creating the California State Park system, supporting local arts and music programs, and banding with other women's clubs to place historic bells throughout California along El Camino Real.

Our historic Clubhouse, designated San Jose Landmark #32, has been the location of joyous celebrations since its completion in 1929. Originally available only to members and their guests, funds from the rental of the Clubhouse now support our charitable works and the preservation of the landmark building.
