

Goals of YWCA

The goal of our “Project Inspire” After school Program is to improve academic achievement and provide students with the opportunity to earn credit recovery while providing a wide-range of services and activities to students enrolled within the East Side Union High School District in order to build developmental assets. Project Inspire currently serves Overfelt High School, James Lick High School, Yerba Buena High School, and Andrew Hill High School.

The goal of the YWCA Youth Services Department is to assist and support high school students in gaining the necessary life skills needed to eliminate self-destructive behaviors and look toward a brighter and productive future. We do this by creating a sense of hope, promoting healthy relationships, and building developmental assets, the essential building blocks of healthy child and youth development.

Music That Inspires

Project Inspire introduces you to “Music That Inspires” a Fundraiser accompanied by Music, Performance, Food, & Community. The goal of this event is to utilize the youth’s interest in music & performance in a way that is meaningful and consistent with the YWCA’s Mission Statement, and to promote social awareness while giving our students a creative outlet to express and empower themselves.
